

PRODUCT INFORMATION

Customer Centric

Our clients' needs are at the heart of everything we do, ensuring satisfaction and long-term partnerships.

Unmatched Quality

Partnering with industry-leading suppliers to provide only the best in pipe, valves, and fittings.

Commitment to Integrity

Building trust through hard work, honesty, and respect in all our dealings.

The Motif Advantage

Motif Valve & Supply is an Indigenous-owned business dedicated to distributing high-quality pipe, valves, and fittings. We set ourselves apart from the competition by fulfilling customer requests to our exacting standards. Motif is committed to delivering top-tier and approved materials from industry-leading suppliers; ensuring customers' scope of material is executed as a complete package.

Our unwavering commitment to fulfilling the entire scope of any request with approved materials from industry-leading suppliers, is what sets us apart from the competition.

We strive to become the preferred choice in the industrial energy sector by meeting our clients' needs as a trusted, single point of contact. We are dedicated to delivering quality and value to our customers and community through hard work, integrity, and respect.

By embodying these values, Motif aims to achieve significant growth, enabling us to contribute to the journey of reconciliation through community outreach and providing meaningful business and employment opportunities to Indigenous members of our community.

MOTIF PRODUCTS

Material Specifications

SIZE RANGE

1/4" through 48"

SCHEDULE RANGE

STD through XXH

PRESSURE RANGE

3000, 6000, and 9000

ANSI CLASSES

Class 150 through Class 2500

MATERIAL GRADE

- ASTM/ASME A/SA234-WPB
- A/SA420-WPL6
- A/SA105N
- A/SA350-LF2
- A/SA106 GR. B
- A/SA333 GR.6
- CSA GR.359

*All flanges meet NACE MR 0175

MATERIAL SPECS

- ASME B16.5
- B16.9
- B16.10
- B16.11
- B16.47 (Series A and B)
- MSS SP-83
- SP-95
- SP-97

Flanges

TYPE

- Weld Neck, Socket Weld, Slip-on, and Threaded
- Blind, Hub Blind, and Reducing Flanges
- Long Weld Neck, and Heavy Barrel Flanges
- Full, Flat, Raised Face, and RTJ

SPECIALTY PRODUCTS

- Orifice and Metering Flanges
- Lap Joint
- Anchor and Ductile Iron Flanges

Carbon Steel Weld Fittings

TYPE

- LR and SR Elbows
- Caps, Concentric and Eccentric Reducers
- Tees, Reducing Tees

SPECIALTY PRODUCTS

- Crosses and Barred Tees
- Reducing and 3R/5R Elbows
- Return Bends

Valves

- Ball- Trunnion, Floating, Threaded, and S/W
- Cast and Forged Steel- Gate, Globe, Check, Flanged, and Wafer
- Butterfly, Knife-Gate, Y-Strainer, and Plug

Seamless Carbon Steel Pipe

PIPE CUTTING CAPABILITIES

- Large Diameter Cut to Suit in House
- Stocking both Single and Double Random Lengths

Swages & Bull Plugs

TYPE

- Threaded, Plain, and Bevelled Ends
- XH through XXH
- Concentric and Eccentric

Forged Steel Fittings

MATERIALS

- Carbon Steel ASTM/ASME A/SA105N,
- A/SA350-LF2

TYPE

- Threaded and Socket Weld
- 90°/45° Elbows
- Reducing and Straight Tees
- Couplings, Reducing Couplings, and Half Couplings
- Plugs (round/hex), Caps, Bushings, Inserts, and Unions

SPECIALTY PRODUCTS

- Customized Machining
- Solid Branch Tees

Specialty Piping Components

- Spectacle blinds, Spacer/paddles, bleed rings
- Ductile Backing Rings
- Studs, nuts, and gaskets
- Gap rings/Gap A -Lets
- Flange Face covers
- Stainless pipe, flanges, and fittings

Forged Outlet Fittings

BORE

- Sch 40 through Sch 160 and XXH
- 3000, 6000, 9000

TYPE

WFI/Bonney Forge's straight bore branch connections, known as "pipets" are available in:

- Threaded, Socket Weld, and Butt weld
- Vesselets, Sweepolets, Bossets
- Flanged and Nipple Pipets
- Contoured Insert Fittings

SPECIALTY PRODUCTS

- Vesselets®
- Sweepolets®
- Flanged Pipets®
- Nipple Pipets®
- Bossets®
- Anchor Flanges
- Studding Outlets
- Contoured Insert Fittings

Seamless Steel Pipe Nipples

SPECIALTY PRODUCTS

- Plain and Thread both-end, Thread by Plain
- XH through XXH
- 1/8" to 4" Diameter
- Up to 12" long
